Yosua Yuwono

PRODUCT / FRONTEND ENGINEER

yosuayuwono@gmail.com github.com/yosuyuwo www.linkedin.com/in/yosuyuwo

SUMMARY

I mold initial ideas into launch-ready products. I work to bridge the gap between what you want and what your users need. Began as a Frontend and UI/UX developer in 2020. Since 2023, I have been a full-stack product engineer. I'm not only care about your products but also finding the correct tools and processes that make them possible.

EXPERIENCE

Freelance — Product / frontend engineer — May 2026 – Present
Working on freelance product and frontend projects.

Morfolabs — UI & Frontend Engineer -> Product Engineer — Aug 2023 – May 2026
